4. OTHER BUSINESS

4.1 Walter Comeaux
Regarding drainage on Morgan Street
Walter stated this topic includes drainage in the old part of the city and Councilman Bonin raised some concerns to him. Walter stated that after field visits with some of his engineers in that area they have identified some areas where they will start doing surveys. He also stated that he will be working together with the city public works department to start and piece together a plan to improve the drainage system in the old part of the city. As time goes by, he will start to make recommendations to improve sections one at a time to line up with budget numbers. The mayor asked Walter if this includes driveway culverts. Walter confirmed this will include driveway culverts and stated that in the past the culverts were not done using the correct setting of grades, but the drainage still works properly, and it can be improved to work more efficiently. The mayor stated that our public works department has been maintaining the drainage system by cleaning out ditches and has cleaned out every culvert along Morgan Street. The mayor stated that the city is taking a further step from an engineering perspective to get the drainage to flow into Ridgeview outfall. Walter confirmed that the drainage water flows from the old section of the city to the Ridgeview outfall and the Ridgeview outfall has a split at Morgan Street and connects to Cypress Bayou in two places. The other main drainage for the old section of the city is what Walter referred to as the St. Cecilia outfall which flows back to Coulee des Poches.
Walter stated that the plan is to update the old infrastructure and it's time to move forward with this. Councilman Bonin stated the city will need to fund this plan. Walter

stated that this plan can be done piece by piece to accommodate funds in an appropriate and timely manner and the plan is to work from the outfalls upstream because if we clean upstream and we don't take care of what is downstream then you have a mess downstream. The idea is to work your way up. The mayor stated that the city will be working on putting a plan together to improve the drainage system in this area downtown.

5. RESOLUTIONS

5.1 Resolution #827-25

A resolution amending the 2024/2025 Operating Budget and Expenditures for Streets Capital Outlay for the purchase of a backhoe

Motion by Councilman Regan

Second by Councilman Forbes

Discussion: Mel stated we had a 2013 model Case backhoe that became damaged during the snowstorm and he was planning on asking for a replacement for this same backhoe in June. Now the damage to the backhoe is more than what it's worth, therefore the insurance company decided it was not worth repairing, which is why he is requesting a replacement for this backhoe. The total cost is approximately $140,000.00 to replace the backhoe, and the city received only $38,000.00 on the insurance claim.

Final Resolution: Motion Approved

5.2 Resolution #828-25

A resolution approving the Act of Dedication of "The Sancutary"

Motion by Councilman Allen

Second by Councilman Regan

Discussion: The mayor stated that Gerald has some comments on this item. Gerald stated that he has been in contact with the developer and their lawyers. We have a draft of an Act Of Dedication and what we are doing is giving the mayor authority to execute an Act Of Dedication once he approves the form and we just want to make sure the form complies with or recognizes some of the regulations and rules within our subdivision development. Once Mel has looked over everything and reports final approval then the mayor will be able to sign the Act Of Dedication. Councilman Bonin asked Mel if he has been at this site to investigate the infrastructure. Mel stated he has

been to the site several times and generated a checklist, and the developer has addressed everything on the list. Mel pointed out there are some things that are outstanding such as the gate that is being built. Mel closed the conversation by stating that they have been over the checklist with the developer, and everything seems to be moving in the correct order. The mayor stated this is a private gated subdivision and the roads will be private. Gerald stated that one of the items he is working on with the developer is that they will not receive a certificate of occupancy until the gate is in place and there is a provision or commitment for perpetual maintenance of the gate by the developer and not the homeowner's association. Councilman Bonin asked if the streets will be maintained by the developer and Gerald stated the streets will be maintained by the developer.

Final Resolution: Motion Approved

6. ORDINANCES FOR INTRODUCTION

6.1 Ordinance #25-821

A Fourth Supplemental Ordinance for the 2025 Recreational Bonds in the amount of $7,500,000 of Recreational Facility Sales Tax Revenue Bonds, Series 2025, of the City of Broussard, State of Louisiana in accordance with the terms of the General Bond Ordinance adopted on November 13, 2012, and providing for the other matters in connection therewith

Motion by Councilman Regan

Second by Councilman Forbes

Discussion: Brennan Black and Shawn Toups with Foley & Judell, LLP are the presenters. Mr. Brennan stated that last year the city council authorized 7.5 million in sales tax bonds secured by the half cent recreation tax and received bond commission approval. Those bonds were sold last Thursday and after this ordinance is adopted on March 11, 2025, the closing date is set for March 20, 2025, which is when the city will receive funds for the issuing of the bonds. Mr. Shawn stated that when he reached out to the rating agency they did reaffirm the city's rating and specifically noted that the continued growth in the City of Broussard as well as the city's strong financial position; specifically the city's debt service coverage, overcame anything they would have seen as potential negatives. Mr. Shawn stated the underwriter Whitney went to market last week with that good rating to sell the bonds and received a good response. We had 7 times as

many buyers for bonds, which is great and allowed them to then lower the yields. The goal was to structure the issue such as maintaining the debt service coverage ratio but also getting you as much money as possible at the lowest rate possible. The results came back to the 7.5 million dollars requested and the city is going to get back 7.8 million dollars for the project. The true interest cost on the transaction was about 4.53% percent, which are good results.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BROUSSARD, LOUISIANA FIXING AND ADOPTING POLICY FOR TRAFFIC CALMING DEVICES IN RESIDENTIAL NEIGHBORHOODS

And this Ordinance was adopted by the City Council for the City of Broussard on this, the 25th of March, 2025.

TINA EMERT, City Clerk

RAY BOURQUE, Mayor

The City of Broussard Policy for Requesting Traffic Calming Devices in Residential Neighborhoods

Important Considerations

Please note that the City does not encourage the installation of speed humps. Reasons include the following listed below.

- **Emergency Vehicle Concerns**: Emergency vehicles may face problems when negotiating speed humps, which can delay response times.
- **Road Deterioration**: Speed humps contribute to the deterioration of the road, leading to increased maintenance costs.
- **Ineffectiveness in Speed Control**: Speed humps often do little to control speed, as vehicles typically slow down only to cross over them and then accelerate immediately afterward.

Procedures

Initial Contact with the Broussard Police Department

- Residents who believe there is a speeding issue in their neighborhood should first reach out to the City of Broussard and fill out a speed hump request form. The police department will deploy a speed monitor to the concerned road to gather data on vehicle speeds. This monitoring will help ascertain whether a speed issue warrants further action.

Evidence of Speeding Issue

- After the speed monitoring period, the Broussard Police Department will provide a report indicating whether there is a significant speeding problem in the area. A documented speeding issue is a prerequisite for moving forward with the request for a speed hump. If no speeding issue is found, the City of Broussard will deny the speed hump request.

Petition Submission

- If evidence confirms a speeding issue, residents must initiate a petition. This petition should be signed by at least 70% of the residents who reside along the requested entire road, expressing their approval for the installation of a speed hump.

Homeowners Association Approval

- In neighborhoods governed by a Homeowners Association (HOA), the HOA must also review and approve the proposed speed bump via a signed formal request via the HOA.

Submission of Requests to the City

- Once the petition is gathered and the HOA approval is obtained, residents must submit these documents to the City of Broussard for review. The submission should include the speed monitoring report, the filled-out petition, a map of the proposed speed hump locations, and proof of HOA approval.

Installation and Management

- Upon review and verification of all submitted materials, the City of Broussard will proceed with installing the speed hump. After installation, the city will also manage and maintain the speed hump in accordance with city policies.

Conclusion

- This structured process ensures that the concerns about speeding are collectively addressed and that there is sufficient community support for the proposed modifications. The City of Broussard appreciates the proactive involvement of residents in enhancing neighborhood safety.

For further information or assistance, please contact the Broussard City Hall or the Broussard Police Department.

The Authorized Officers, or either of them, are hereby authorized and directed to execute all documents related thereto.

SECTION 3. Book-Entry Registration of Series 2025 Bonds. The Series 2025 Bonds shall be initially issued in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"), as registered owner of the Series 2025 Bonds, and held in the custody of DTC. The Executive Officers of the Issuer or any other officer of the Issuer is authorized to execute and deliver a Blanket Letter of Representation to DTC on behalf of the Issuer with respect to the issuance of the Series 2025 Bonds in "book-entry only" format. The terms and provisions of said Letter of Representation shall govern in the event of any inconsistency between the provisions of this Fourth Supplement Ordinance and said Letter of Representation. Initially, a single certificate will be issued and delivered to DTC for each maturity of the Series 2025 Bonds. The Beneficial Owners will not receive physical delivery of Series 2025 Bond certificates except as provided herein. Beneficial Owners are expected to receive a written confirmation of their purchase

providing details of each Series 2025 Bond acquired. For so long as DTC shall continue to serve as securities depository for the Series 2025 Bonds as provided herein, all transfers of beneficial ownership interest will be made by book-entry only, and no investor or other party purchasing, selling or otherwise transferring beneficial ownership of Series 2025 Bonds is to receive, hold or deliver any Series 2025 Bond certificate.

Notwithstanding anything to the contrary herein, while the Series 2025 Bonds are issued in book-entry-only form, the payment of principal of and interest on the Series 2025 Bonds may be payable by the Paying Agent by wire transfer to DTC in accordance with the Blanket Letter of Representation.

For every transfer and exchange of the Bonds, the Beneficial Owner (as defined in the Blanket Letter of Representation) may be charged a sum sufficient to cover such Beneficial Owner's allocable share of any tax, fee or other governmental charge that may be imposed in relation thereto.

Series 2025 Bond certificates are required to be delivered to and registered in the name of the Beneficial Owner under the following circumstances:

(a) DTC determines to discontinue providing its service with respect to the Series 2025 Bonds. Such a determination may be made at any time by giving 30 days' notice to the Issuer and the Paying Agent and discharging its responsibilities with respect thereto under applicable law; or

(b) The Issuer determines that continuation of the system of book-entry transfer through DTC (or a successor securities depository) is not in the best interests of the Issuer and/or the Beneficial Owners.

The Issuer and the Paying Agent will recognize DTC or its nominee as the Bondholder for all purposes, including notices and voting.

Neither the Issuer nor the Paying Agent are responsible for the performance by DTC of any of its obligations, including, without limitation, the payment of moneys received by DTC, the forwarding of notices received by DTC or the giving of any consent or proxy in lieu of consent.

Whenever during the term of the Bonds the beneficial ownership thereof is determined by a book entry at DTC, the requirements of this Fourth Supplemental Ordinance of holding, delivering or transferring the Bonds shall be deemed modified to require the appropriate person to meet the requirements of DTC as to registering or transferring the book entry to produce the same effect.

If at any time DTC ceases to hold the Series 2025 Bonds, all references herein to DTC shall be of no further force or effect.

SECTION 4. Registration by Paying Agent. No Series 2025 Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Fourth Supplemental Ordinance or the General Bond Ordinance unless and until a certificate of registration on such

Series 2025 Bonds substantially in the form set forth in **Exhibit B** hereto shall have been duly manually executed on behalf of the Paying Agent by a duly authorized signatory, and such executed certificate of the Paying Agent upon any such Series 2025 Bond shall be conclusive evidence that such Series 2025 Bond has been executed, registered and delivered under this Fourth Supplemental Ordinance.

SECTION 5. Preparation of Series 2025 Bonds; Application of Series 2025 Bond Proceeds. The Authorized Officers are hereby empowered, authorized and directed to do any and all things necessary and incidental to carry out all of the provisions of this Fourth Supplemental Ordinance and the General Bond Ordinance, to cause the Series 2025 Bonds to be printed, to issue, execute and seal the Series 2025 Bonds, and to effect delivery thereof as hereinafter provided.

The "Recreational Facility Sales Tax Revenue Bond Series 2025 Construction Fund" (the "Series 2025 Construction Fund") is hereby established in accordance with Section 5.07(A) of the General Bond Ordinance and shall be maintained by the fiscal agent of the Issuer.

The proceeds derived from the sale of the Series 2025 Bonds, after payment of the premiums for the Insurance Policy and the Reserve Fund Insurance Policy, shall, in accordance with the written directions of the Issuer, be deposited into the Costs of Issuance Fund maintained by the Paying Agent for the purpose of paying Costs of Issuance, and into the Series 2025 Construction Fund to be used only for the purposes for which the Series 2025 Bonds are issued.

SECTION 6. Pledge of Tax Revenues. The Series 2025 Bonds shall be secured by and payable in principal and interest solely from an irrevocable pledge and dedication of the avails or proceeds of the Tax Revenues on a complete parity with the Outstanding Parity Bonds as provided in the General Bond Ordinance. This Governing Authority does hereby find, determine and declare that the Issuer has complied, or will comply prior to the delivery of the Series 2025 Bonds, with all the terms and conditions set forth in the General Bond Ordinance with respect to authorizing the issuance of the Series 2025 Bonds on a parity with the Outstanding Parity Bonds.

The provisions, covenants, and agreements herein set forth to be performed by and on behalf of the Issuer shall be for the benefit, protection and security of the Owners of any and all of the Series 2025 Bonds.

SECTION 8. Publication. A copy of this Fourth Supplemental Ordinance shall be published one time in the official journal of the Issuer. It shall not be necessary to publish the exhibits to this Fourth Supplemental Ordinance, but such exhibits shall be made available for public inspection at the offices of the Governing Authority at reasonable times and such fact must be stated in the publication within the official journal.

SECTION 9. Official Statement. The Issuer hereby approves the form and content of the final Official Statement and hereby authorizes and directs the execution by the Authorized Officers and delivery of such final Official Statement to the Underwriter for use in connection with the public offering of the Series 2025 Bonds.

SECTION 10. Arbitrage. The Issuer covenants and agrees that, to the extent permitted by the laws of the State of Louisiana, it will comply with the requirements of the Code in order to establish, maintain and preserve the exclusion from "gross income" of interest on the Series 2025 Bonds under the Code. The Issuer further covenants and agrees that it will not take any action, fail to take any action, or permit any action within its control to be taken, or permit at any time or times any of the proceeds of the Series 2025 Bonds or any other funds of the Issuer to be used directly or indirectly in any manner, the effect of which would be to cause the Series 2025 Bonds to be "arbitrage bonds" or would result in the inclusion of the interest on any of the Series 2025 Bonds in gross income under the Code, including, without limitation, (i) the failure to comply with the limitation on investment of the Series 2025 Bonds proceeds or (ii) the failure to pay any required rebate of arbitrage earnings to the United States of America or (iii) the use of the proceeds of the Series 2025 Bonds in a manner which would cause the Series 2025 Bonds to be "private activity bonds".

The Authorized Officers are hereby empowered, authorized and directed to take any and all action and to execute and deliver any instrument, document or certificate necessary to effectuate the purposes of this Section.

SECTION 11. Post-Issuance Compliance. The Authorized Officers and/or their designees are directed to establish, continue, and/or amend, as applicable, written procedures to assist the Issuer in complying with various State and Federal statutes, rules and regulations applicable to the Series 2025 Bonds and are further authorized to take any and all actions as may be required by said written procedures to ensure continued compliance with such statutes, rules and regulations throughout the term of the Series 2025 Bonds.

SECTION 12. Execution of Documents. In connection with the issuance and sale of the Series 2025 Bonds, the Authorized Officers are each authorized, empowered and directed to execute on behalf of the Issuer such documents, certificates and instruments as they may deem necessary, upon the advice of Bond Counsel, to effect the transactions contemplated by this Fourth Supplemental Ordinance or the General Bond Ordinance, the signatures of the Authorized Officers on such documents, certificates and instruments to be conclusive evidence of the due exercise of the authority granted hereunder.

SECTION 13. Parties Interested Herein. Nothing in this Fourth Supplemental Ordinance expressed or implied is intended or shall be construed to confer upon, or to give to, any person or corporation, other than the Issuer, the Paying Agent, the Insurer and the Owners of the Series 2025 Bonds any right, remedy or claim under or by reason of this Fourth Supplemental Ordinance or any covenant, condition or stipulation thereof; and all the covenants, stipulations, promises and agreements in this Fourth Supplemental Ordinance contained by and on behalf of the Issuer shall be for the sole and exclusive benefit of the Issuer, the Paying Agent, the Insurer and the Owners of the Series 2025 Bonds.

SECTION 14. **Successors and Assigns.** Whenever in this Fourth Supplemental Ordinance the Issuer is named or referred to, it shall be deemed to include its successors and assigns and all the covenants and agreements in this Fourth Supplemental Ordinance contained by or on behalf of the Issuer shall bind and inure to the benefit of its successors and assigns whether so expressed or not.

SECTION 15. **Severability.** In case any one or more of the provisions of this Fourth Supplemental Ordinance or of the Series 2025 Bonds issued hereunder shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Fourth Supplemental Ordinance or of the Series 2025 Bonds, but this Fourth Supplemental Ordinance and the Series 2025 Bonds shall be construed and enforced as if such illegal or invalid provisions had not been contained therein. Any constitutional or statutory provision enacted after the date of this Fourth Supplemental Ordinance which validates or makes legal any provision of this Fourth Supplemental Ordinance or the Series 2025 Bonds which would not otherwise be valid or legal shall be deemed to apply to this Fourth Supplemental Ordinance and to the Series 2025 Bonds.
