**RE: LPSS Energy, HVAC, & Control Assessments**

Dear Mr. Fontenot,

ADG Energy Services, in collaboration with ADG Engineering, proposes consolidated HVAC Equipment Planning, Controls Planning, and Energy Audits for 41 LPSS facilities (4.4M sq ft). By performing these assessments simultaneously, we can significantly reduce fees while providing proactive budgeting based on equipment life expectancy, priority, condition, and energy cost effectiveness.

Our assessments will identify opportunities for annual energy cost savings estimated **\$1.5M-\$2.5M (20-30%)** and an effective 5-year capital budgeting roadmap.

**SCOPE & INVESTMENT**

Assessment #1: \$325,000 – Energy Performance Assessments

Assessment #2: \$165,000 – HVAC Equipment Planning & Prioritization

Assessment #3: \$125,000 – HVAC Controls Inventory & Planning

(See stand-alone proposals for detailed scope)

**If awarded simultaneously: \$550,000** (\$65,000 savings through streamlined mobilization)

**DELIVERABLES – WHAT LPSS GETS**

- High-Risk/Cost HVAC Equipment Budgeting & Prioritization
- Per-School Energy & Controls Assessments
- 5-Year Integrated Roadmap with Capital Budgets

**NEXT STEPS**

- ✓ LPSS authorizes assessments & ADG begins work
- ✓ ADG completes assessments and presents to LPSS leadership
- ✓ Board approves capital budgets for prioritized equipment/controls
- ✓ Board considers Ongoing Commissioning and other Energy Efficiency Measures for savings

These services will proactively create an HVAC and energy roadmap for LPSS while identifying cost reductions to fund future upgrades.

Best regards,

All procurements using federal funds, in whole or in part, shall employ one of the methods identified in 2 CFR 200.320, if more stringent than those methods required by Louisiana law. Should the School Board adopt the Louisiana Procurement Code, whether in part or in its entirety, the accompanying administrative regulations as promulgated in the *Louisiana Procurement Code*, as well as guidelines and policies issued by the state's Office of State Purchasing relevant to the particular adoption may be applicable to the procurement if more stringent.

Solicitations from Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms

When spending federal funds, the Lafayette Parish School Board shall take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Affirmative steps shall include:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women's business enterprises;
5. Using the services and assistance, as appropriate, of such organizations as the Louisiana Economic Development Agency, and Small Business Administration and the Minority Business Development Agency of the United States Department of Commerce; and
6. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs 1 through 5 of this section.

Exclusion or Rejection of Quotes or Bids

A contract award or a purchase made with federal funds shall not be made to parties listed on the government-wide exclusions in the *System for Award Management* maintained by the U.S. Government, which contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority.

Suspension and Debarment

The Lafayette Parish School Board may not contract or award bids to any person or company using federal assistance funds who is debarred or suspended. The School Board shall be required to check for excluded parties at the *System for Award Management (SAM)* website and retain proof of status.

In the event a vendor, person or company under consideration to be awarded a bid or contract for goods or services to be funded by any federal assistance program is on the ineligibility list at SAM.gov, the School Board shall comply with the contracting restrictions as outlined in accordance with federal regulations.

It shall be the responsibility of the Superintendent and/or Director of Finance to implement these provisions.

USE OF STATE FUNDS

Procurement of materials and supplies when using state or locally generated funds shall follow an appropriate procurement method provided in Title 38 Louisiana Bid Law (La. Rev. Stat. Ann. §38:2212.1) or in Title 39, to the extent adopted by the Lafayette Parish School Board.

Financing Purchases

The School Board may finance the purchase of equipment or other movable property to be used by the School Board by entering into an installment sale, lease, or similar agreement with any lender or other person. If required, such agreement shall be subject to approval of the State Bond Commission in accordance with statutory provisions. No individual school or employee shall enter into a financing purchase arrangement and/or agreement without prior approval from the School Board.

Use of State Contract

If equipment, materials or supplies are available from a State of Louisiana Contract, the Superintendent and/or his/her designee may approve the purchase without using one of the purchasing procedures outlined in statutory provisions, if advantageous to the School Board.

The School Board may also *piggyback*, or purchase materials and supplies on valid contracts of other political subdivisions in accordance with La. Rev. Stat. Ann. §§33:1321—1337 or La. Rev. Stat. Ann. §38:321.1.

Louisiana Procurement Code

State law authorizes School Boards to adopt all or any part of the *Louisiana Procurement Code* as contained in state statutes (La. Rev. Stat. Ann. §§39:1551-39:1755). For proper and efficient operations, the Lafayette Parish School Board may adopt, by resolution or otherwise, pertinent provisions of the *Louisiana Procurement Code*, accompanying administrative regulations as promulgated in the *Louisiana Procurement Code*, as well as guidelines and policies issued by the state's Office of State Purchasing relevant to the procurement of materials, supplies, merchandise, and other types of property.

Sole Source Provider

The School Board may award a contract for the purchase of supplies, services, or major repairs without competition when the Superintendent or designated employee has determined, in writing, that there is only one source for the supply, service, or major repair item(s) to be acquired. Pertinent procedures for purchasing such items from a sole source shall be as outlined in the State of Louisiana Office of State Purchasing's *Purchasing Rules and Regulations*.

Qualified Group Purchasing Organizations

A *qualified group purchasing organization* means an organization, whether for profit or not for profit, of which two (2) or more public school districts are members and which solicits proposals or bids from vendors of materials, equipment, or supplies of the type and nature as may be purchased by a public school district or public school.

As provided in La. Rev. Stat. Ann. §38:2212.1 (N), the School Board may enter into an agreement with: (A) one or more School Boards to form a qualified group purchasing organization; or (B) one or more qualified group purchasing organizations for the purchase of materials, equipment, and supplies, including installation thereof. Any such agreement shall require that the qualified group purchasing organization submit a price list for those materials, equipment, and supplies offered by it and that the prices quoted on the list remain in effect for a stated period of time of not less than three (3) months. Any such price list shall be considered, for all purposes, to be a valid and binding bid by the qualified group purchasing organization during the effective period of the agreement, and no additional bid by the qualified group purchasing organization is necessary.

The School Board may purchase materials, equipment, or supplies directly from or through a qualified group purchasing organization if either the price is less than that for the same or substantially similar materials, equipment, or supplies on the state contract or bid list, or if the same or substantially similar materials, equipment, or supplies are not under state contract or on the state bid list. Nothing included in this paragraph shall be

construed to authorize the School Board to purchase materials, equipment, or supplies from or through an entity or vendor other than a qualified group purchasing organization as defined herein without using a procurement process otherwise provided by state law.

For purchases using local or State funding sources, group purchasing organizations may be utilized in lieu of a formal bid process.

Competitive Online Solicitation

The School Board may use a *reverse auction* or *competitive online solicitation process* on the Internet for the purchase of equipment, supplies, and other materials in lieu of the more formal bid process when the School Board's procurement officer determines that the electronic bidding is more advantageous and in the best interests of the School Board.

Prior to the use of a competitive online solicitation process, the School Board may require that:

1. Vendors register before opening dates and time, and as part of the registration, require that the vendors agree to any terms and conditions and other requirements of the solicitation.
2. Vendors be prequalified prior to placing bids and allow only bidders who are prequalified to submit bids.
3. The solicitation shall designate an opening date and time and the closing date and time. The closing date and time may be fixed or remain open depending on the structure of the item being bid.
4. At the opening date and time, the School Board shall begin accepting online bids and continue accepting bids until the bidding is officially closed. Registered bidders shall be allowed to lower the price of their bid below the lowest bid posted on the Internet until the closing date and time.
5. Bidders' identities shall not be revealed during the bidding process; only the successively lower prices, ranks, scores, and related bid details shall be revealed.
6. All bids shall be posted electronically and updated on a real-time basis.
7. The School Board shall retain the right to cancel the solicitation if it determines that it is in the School Board's best interest.
8. The School Board shall retain its existing authority to determine the criteria that will be used as a basis for making awards.

Adequate public notice for purchases using a reverse auction or competitive online solicitation process shall be given as follows.

1. The advertisement or notice shall be published two (2) times in a newspaper in the locality, the first advertisement to appear at least fifteen (15) days before the opening date of the reverse auction. In addition to the newspaper advertisement, the School Board may also publish an advertisement by electronic media available to the general public.
2. The first publication of the advertisement shall not occur on a Saturday, Sunday, or legal holiday.

#### PREFERENCES

To the extent possible, when purchasing with state or locally generated funds, the School Board shall regularly purchase products manufactured, grown, produced or harvested from the state land or waters which are of equal quality to such items produced outside the state, provided the cost of state products does not exceed by more than the statutory percentage the cost of out-of-state products or as otherwise provided by state law. Such products shall be limited to those allowed by state law.

#### VENDORS

The School Board shall seek business and bids from all eligible vendors, regardless of race, creed, color, sex, national origin, age or handicap. No favoritism shall be extended to any vendor. Each order shall be placed on the basis of quality, price and delivery; past services being a factor if all other considerations are equal.

No person officially connected with or employed by the School Board shall be an agent for, or have any pecuniary or beneficial interest in or receive any compensation or reward from any vendor for the sale of supplies, materials, equipment, services or public works contracts.

No employee of the School Board shall solicit or accept, directly or indirectly, anything of economic value as a gift or gratuity from any vendor representative or agent of a vendor, or a prospective vendor or contractor.

#### CREDIT CARDS AND PURCHASING CARDS

The School Board may authorize the use of credit cards or purchasing cards by authorized personnel to facilitate the purchase of School Board authorized items. Only personnel employed and authorized by the School Board shall be permitted to use any credit and/or purchasing card in the name of the Lafayette Parish School Board. No personal usage of either card shall be permitted.

Each person authorized by the School Board shall be issued card in the name of the Lafayette Parish School Board and shall have his/her name and/or picture placed on the issued card, if permitted. Once received, the purchasing card(s) shall remain in the

possession of the employee/cardholder and he/she shall be held accountable for the card's usage. Credit cards shall be stored in a locked, secure location when not in use. Documentation (check request or purchase order and itemized receipt) shall be required for all purchases, credits or transactions for which the card is used.

The usage of any card issued shall be in accordance with the administrative regulations and procedures outlined by the Superintendent and/or staff. Designated School Board personnel shall be responsible for monitoring all charges, the number and amount of purchases, vendors used, as well as detailed transaction information. Misuse of any School Board issued purchasing card may result in discipline and/or personal liability for dishonored, erroneous, or improper charges.

Fuel

Purchases of fuel with purchasing cards shall be documented with receipt submitted to the business office as soon as practical following purchase. Documentation of the purchase shall include, at a minimum, vehicle number description, vehicle odometer reading, number of gallons purchased, price per gallon, and signature of person filling vehicle.

## PURCHASING

All purchasing for the school system to be paid from Lafayette Parish School Board funds shall be made by the Superintendent or his/her designee in conformance with existing administrative regulations and administrative procedures of the School Board and the laws pertinent to state and federal agencies. Budget allocations for specific purposes shall constitute advance School Board approval for all purchases except in such cases as state law or School Board policy may require. No debt shall be contracted in the name of the Lafayette Parish School Board without action by the School Board, except those items which are provided for in the regular budget. Purchases shall be made at the lowest possible cost to the school system consistent with the system specifications of quality and service.

Each principal shall assure that purchases by the individual school shall be made in accordance with applicable state and federal law, and administrative regulations and procedures developed by the Superintendent and staff.

No employee, officer or agent of the Lafayette Parish School Board shall participate in the selection, award, or administration of a contract or purchase of supplies, materials and equipment if a conflict of interest, real or apparent, would be involved. Lafayette Parish School Board employees shall neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to sub-agreements. All purchasing shall comply with the U.S. Department of Education *Department General Administrative Regulations* (EDGAR), the *Louisiana Public Bid Law*, the *Louisiana Code of Governmental Ethics*, the *Louisiana Procurement Code*, and applicable state or federal regulations, as applicable.

### Contracts Administration

Formal contracts shall be required when the type or scope of product or service, the related method of delivery of such product or service, responsibilities of vendor and purchaser during the contract term, and the other terms of the purchase cannot properly be covered with a purchase order.

Contractual agreements obligating the School Board or School District shall be signed by the Board President and the Superintendent, unless the contract is for routine and necessary expenditures to carry out general business operations, in which case the Superintendent or his/her designee will sign.

An extension of a contract beyond its original or current term requires the approval of the School Board President and the Superintendent if the contract value is less than \$100,000.00, unless the contract is for routine and necessary expenditures to carry out general business operations, in which case the Superintendent or his/her designee will sign. All extensions of contracts with an annual contract value of greater than \$100,000.00 shall require the approval of the School Board at least six months prior to the end of the

current contract term.

USE OF FEDERAL FUNDS

All procurement of materials, supplies, and services, as well as the construction of public works, funded in whole or in part with federal funds shall comply with the requirements contained in Title 2, Section 200 of the *Code of Federal Regulations* (CFR). All procurements using federal funds, in whole or in part, shall employ one of the methods identified in 2 CFR 200.320, if more stringent than those methods required by Louisiana law. Should the School Board adopt the Louisiana Procurement Code, whether in part or in its entirety, the accompanying administrative regulations as promulgated in the *Louisiana Procurement Code*, as well as guidelines and policies issued by the state's Office of State Purchasing relevant to the particular adoption may be applicable to the procurement if more stringent.

## ***EMERGENCY/CRISIS MANAGEMENT***

### **CRISIS MANAGEMENT AND RESPONSE**

Unanticipated tragic events can quickly escalate into a school-wide catastrophe if not dealt with immediately and effectively. School personnel shall plan in advance for the welfare, safety, and care of students and staff members. Every school shall be required to have a *Crisis Management and Response Plan*. A *Crisis Management and Response Plan* means a plan to address school safety and the incidence of a shooting or other violence at schools, on school buses, and at school-related activities; to respond effectively to such incidents; and to ensure that every student, teacher, and school employee has access to a safe, secure, and orderly school that is conducive to learning. Such plans shall also address the management of any other emergency situation.

The *Crisis Management and Response Plan* must include procedures for distributing classroom door keys to substitute employees and procedures for briefing substitute employees on emergency response.

The *Crisis Management and Response Plan* shall be prepared by each public school principal jointly with local law enforcement, fire, public safety, and emergency preparedness officials. In preparing the plan, the principal and such officials shall consider and include, if appropriate, input from students enrolled in the school and their parents, teachers at the school, other school employees, and community leaders. The plan, which shall focus on preventing the loss of life and the injury of students and teachers and other school employees, shall detail the roles and responsibilities of each school employee and the relevant coordination agreements, services, and security measures of a school and provide for parental notification in the event of a shooting or other violent incident or emergency situation. The plan may also provide for the counseling of students by mental health professionals, encouraging peer helper programs, and identifying students who may have experienced rejection or other traumatic life events.

Each principal, jointly with local law enforcement, fire, public safety, school resource officers, and emergency preparedness officials, shall review the plan

at least once annually and shall revise the plan as necessary. In reviewing and revising the plan, the principal and such officials shall consider and include input, if appropriate, from students enrolled in the school and their parents, teachers at the school, other school employees, and community leaders. Each principal shall submit such plan in writing to the Superintendent or his/her designee for approval at least once annually, including upon each revision, and shall notify all teachers and other school employees of the contents of the plan and any revisions made to it.

Within the first thirty (30) days of each school year, each principal shall conduct a safety drill to rehearse the components of the *Crisis Management and Response Plan*. Not later than seven (7) days after the drill, the principal shall submit a written report summarizing the details of the drill to the Director of Risk Management.

The Superintendent shall make an annual report to the School Board on the status of the plan of each school under the School Board's jurisdiction.

#### OTHER EMERGENCY DRILLS

The Lafayette Parish School Board shall require procedures be planned by the principal and faculty of each school to assure orderly movement and evacuation of students to the safest area in the event of fire, weather, or other disasters. Practice drills shall be used to ensure the effectiveness of the procedures.

Every separate administration building shall conduct practice drills as well.

#### School Mapping Data

As required by La. R.S. 17:416.16.1, and, subject to a specific legislative appropriation of monies for implementation of Act 425 of the 2025 Regular Session, the School Board shall submit a copy of the most recent blueprints and school mapping data of each school building and facility in the school system to each local law enforcement agency with jurisdiction over any portion of the school governing authority, each local and state public safety and emergency preparedness office, the Louisiana Center for Safe Schools, and to the school's office for use in response to emergencies.

All aspects of the school mapping data shall be collected, produced, and stored within the United States of America and in accordance with administrative regulations promulgated by the Superintendent.

As provided in La. R.S. 17:416.16.1(E), blueprints and school mapping data of public school buildings or facilities shall not be subject to disclosure pursuant to the Louisiana Public Records Law.

Unanticipated tragic events can quickly escalate into a school-wide catastrophe if not dealt with immediately and effectively. School personnel shall plan in advance for the welfare, safety, and care of students and staff members. Every school shall be required to have a *Crisis Management and Response Plan*. A *Crisis Management and Response Plan* means a plan to address school safety and the incidence of a shooting or other violence at schools, on school buses, and at school-related activities; to respond effectively to such incidents; and to ensure that every student, teacher, and school employee has access to a safe, secure, and orderly school that is conducive to learning. Such plans shall also address the management of any other emergency situation.

The *Crisis Management and Response Plan* must include procedures for distributing classroom door keys to substitute employees and procedures for briefing substitute employees on emergency response.

The *Crisis Management and Response Plan* shall be prepared by each public school principal jointly with local law enforcement, fire, public safety, and emergency preparedness officials. In preparing the plan, the principal and such officials shall consider and include, if appropriate, input from students enrolled in the school and their parents, teachers at the school, other school employees, and community leaders. The plan, which shall focus on preventing the loss of life and the injury of students and teachers and other school employees, shall detail the roles and responsibilities of each school employee and the relevant coordination agreements, services, and security measures of a school and provide for parental notification in the event of a shooting or other violent incident or emergency situation. The plan may also provide for the counseling of students by mental health professionals, encouraging peer helper programs, and identifying students who may have experienced rejection or other traumatic life events.

Each principal, jointly with local law enforcement, fire, public safety, school resource officers, and emergency preparedness officials, shall review the plan

at least once annually and shall revise the plan as necessary. In reviewing and revising the plan, the principal and such officials shall consider and include input, if appropriate, from students enrolled in the school and their parents, teachers at the school, other school employees, and community leaders. Each principal shall submit such plan in writing to the Superintendent or his/her designee for approval at least once annually, including upon each revision, and shall notify all teachers and other school employees of the contents of the plan and any revisions made to it.

Within the first thirty (30) days of each school year, each principal shall conduct a safety drill to rehearse the components of the *Crisis Management and Response Plan*. Not later than seven (7) days after the drill, the principal shall submit a written report summarizing the details of the drill to the Director of Risk Management.

The Superintendent shall make an annual report to the School Board on the status of the plan of each school under the School Board's jurisdiction.

#### OTHER EMERGENCY DRILLS

The Lafayette Parish School Board shall require procedures be planned by the principal and faculty of each school to assure orderly movement and evacuation of students to the safest area in the event of fire, weather, or other disasters. Practice drills shall be used to ensure the effectiveness of the procedures.

Every separate administration building shall conduct practice drills as well.

#### School Mapping Data

As required by La. R.S. 17:416.16.1, and, subject to a specific legislative appropriation of monies for implementation of Act 425 of the 2025 Regular Session, the School Board shall submit a copy of the most recent blueprints and school mapping data of each school building and facility in the school system to each local law enforcement agency with jurisdiction over any portion of the school governing authority, each local and state public safety and emergency preparedness office, the Louisiana Center for Safe Schools, and to the school's office for use in response to emergencies.

All aspects of the school mapping data shall be collected, produced, and stored within the United States of America and in accordance with administrative regulations promulgated by the Superintendent.

As provided in La. R.S. 17:416.16.1(E), blueprints and school mapping data of public school buildings or facilities shall not be subject to disclosure pursuant to the Louisiana Public Records Law.

## EMPLOYEE CONDUCT

The Lafayette Parish School Board believes the teaching profession occupies a position of public trust involving not only the individual teacher's personal conduct but also the interaction of the school and the community. Education is most effective when these many relationships operate in a friendly, cooperative, and constructive manner. A teacher's conduct, as well as the conduct of all employees throughout the school district, should meet acceptable standards of the community and show respect for the law and the rights of others.

All employees, volunteers, student teachers, interns, and any other person affiliated with the Lafayette Parish School Board have the responsibility to be familiar with and abide by the laws of the state, the policies and decisions of the School Board, and the administrative regulations and procedures designed to implement Board policies. Employees and others shall also comply with the standards of conduct set out in this policy and with any other policies, regulations, procedures, or guidelines that impose duties, requirements, or standards of conduct attendant to their status as School Board employees.

Employees and all others shall be expected to observe at least the following standards of conduct.

- Be courteous to students, one another, and the public and conduct themselves in a professional and ethical manner.
- Recognize and respect the rights and property of students, other employees, and the public.
- Maintain confidentiality of all matters relating to students and other employees.
- Demonstrate dependable attendance and punctuality with regard to assigned activities and work schedules.
- Observe and adhere to all terms of an employee's contract or job description.
- Strive to keep current and knowledgeable about the employee's area of responsibility.
- Refrain from promoting personal attitudes and opinions for matters other than general discussion.
- Refrain from using undue influence to gain, or attempt to gain, promotion, leave, favorable assignments, or other individual benefit

or advantage.

- Advocate positive personal behavior on or off campus and attempt to avoid improprieties or the appearance of improprieties.

While the operation of the School Board and its schools is governed by the provisions of this and all other Board policies, regulations, and procedures, as well as procedures of the individual schools, no policy manual can list each and every instance of misconduct that is precluded. Accordingly, employees are cautioned that the appropriateness of certain action or behavior must necessarily be dictated by the nature of the position held by the employee and standards of common sense. By virtue of one's education and experience, an employee knows and understands that certain actions or conducts are unacceptable even in the absence of formal Board policy. For instance, without the need of a specific prohibition or warning, a classroom teacher should be aware of the impropriety of certain practices such as leaving students unattended, using profanity or sexually suggestive language, or bringing a firearm onto campus. Such conduct constitutes both incompetence and willful neglect of duty. Such conduct, as well as violation of any state or federal law or Board policies, regulations, or procedures, or school regulations or procedures, shall result in the imposition of discipline up to and including termination.

#### PROHIBITED SEXUAL CONDUCT

Employees shall be prohibited from engaging in any form of sexual conduct with students. In particular, it is a violation of criminal statutes for any educator, which includes any administrator, coach, instructor, teacher, paraprofessional, teacher aide, or student aide to engage in sexual conduct, as defined in La. R. S. 14:81.4 with a student who is seventeen (17) years of age or older, but less than twenty-one (21) years of age, where there is an age difference of greater than four (4) years between the two persons.

Notwithstanding any claim of privileged communication, any educator, having cause to believe that prohibited sexual conduct has occurred between another educator and a student, shall be required by state law to report immediately such conduct to a local or state law enforcement agency.

#### NOTIFICATION BY EMPLOYEES

An administrator, teacher or any other School Board employee shall report any final conviction or plea of guilty or *nolo contendere* to any criminal offense, excluding traffic offenses, to the School Board within two (2) business days, exclusive of weekends and holidays, of the conviction or plea of guilty or *nolo contendere*.

An administrator, teacher or any other School Board employee or whose name is recorded on the Department of Children and Family Services' state central registry on or after August 1, 2025, shall report the recordation to the School Board and to the

Department within two (2) business days, exclusive of weekends and holidays.

Arrests for Certain Sexual Offenses

Effective January 1, 2012, any public school employee shall be required to report his/her arrest for a violation of La. R. S. 14:42-14:43.5, 14:80-14:81.5, any other sexual offense affecting minors, any of the crimes listed in La. R. S. 15:587.1, or any justified complaint of child abuse or neglect on file with the Louisiana Department of Children and Family Services.

The report shall be submitted to the Superintendent or his/her designee within twenty-four (24) hours of the arrest. However, if the employee is arrested on a Saturday, Sunday, or a legally declared school holiday such report shall be made prior to the employee next returning for his/her work assignment at a school. Such report shall be made by the employee or an agent of the employee regardless of whether he/she was performing an official duty or responsibility as an employee at the time of the offense. In addition, the employee shall report the disposition of any legal proceedings related to any such arrest, which shall also be made a part of any related files or records.

Any employee who fails to comply with these provisions shall be subject to disciplinary action up to and including termination.

Unless criminal charges are instituted pursuant to an arrest which is required to be reported as provided above, all information, records, hearing materials, and final recommendations of the school pertaining to such reported arrest shall remain confidential and shall not be subject to a public records request.

*School employee*, as used in this policy, shall mean any employee of the School Board, including professional and support personnel and shall include all temporary, part-time, and permanent school employees.

### **BEHAVIORAL HEALTH SUPPORT FOR STUDENTS**

#### Mental Health Assessments

The Lafayette Parish School Board shall require that each public school make available to each student in grades three through twelve a mental health assessment by a licensed behavioral health provider, so long as the student's parent or legal guardian authorizes the assessment, selects the provider, and makes arrangements for payment of all fees associated therewith. Such assessments shall be at no cost to the School Board. Such assessments shall be offered within the year, and, if feasible, during the first semester rather than the second semester of the school year. Each principal or his/her designee may use discretion in determining and appropriate times and places to conduct such assessments.

For purposes of this policy, "licensed behavioral health provider" means an individual or provider who falls into one of the following categories:

1. A mental health professional with a current and valid occupational license issued by a Louisiana professional occupational licensing board or commission under Title 37 of the Louisiana Revised Statutes, acting within the scope of practice authorized by the licensing board to conduct mental health assessments.
2. A behavioral health services provider with a current and valid license issued by the Louisiana Department of Health pursuant to La. R.S. 40:2151 et seq to provide mental health services and assessments.

For the convenience of parents, the schools may compile a list of mental health professionals who are licensed to conduct mental health assessments by contacting the individual licensing boards who regulate the licensed professionals. Schools may also compile a list of behavioral health service providers licensed by the Louisiana Department of Health through review of the Louisiana Department of Health's website.

#### Mental Health Screenings

As authorized by La. R.S. 17:416.24, the Lafayette Parish School Board may offer mental health screenings for all students in grades kindergarten through twelve during the first semester of the school year. If the School Board approves and funds mental health screenings during any fiscal year, they shall be conducted in accordance with administrative regulations promulgated by the Superintendent.

The results of any mental health screening shall not be used to make any decisions relating to student instruction, academic opportunities, or discipline.

## **NEW POLICY**

There shall be no cause of action against the School Board, or any employee thereof, related to the results of the screening.

### Referral for Assessment and Treatment

The Lafayette Parish School Board recognizes that students with behavioral or emotional challenges may be at risk of their behavior escalating into aggression or disruption, disciplinary actions resulting in suspension or expulsion, or juvenile delinquency. The School Board authorizes the Superintendent to adopt and maintain rules and regulations for a program which assists school personnel to identify such signs and symptoms of a student with behavioral or emotional challenges.

A specific employee shall be designated at each school who shall be responsible for identifying behavioral and mental health support services available in the community, and, when appropriate, for facilitating a referral of the student to those services for assessment and/or treatment, including services provided through the Louisiana Coordinated System of Care and its Medicaid provider network.

After any second out of school suspension of the student during the same school year, the principal or his/her designee and the designated employee shall consult on whether the student's behavior could be attributable to behavioral or emotional challenges. If it is determined that the behavior is attributable to behavioral or emotional challenges and rises to the level that supportive services could be beneficial, the principal or his/her designee and the designated employee shall schedule a conference with the student's parent or legal guardian to discuss the student's behavior and counseling as well as the referral of the student and family to support services for assessment and treatment.

### Annual Report

To the extent required by law, the Lafayette Parish School Board shall report to the Louisiana Department of Education and the House and Senate Committees on Education the number of students identified as possibly having behavioral or emotional challenges, the number of students for whom a conference was scheduled, and the number of students referred for assessment and supportive services. Such reports shall be submitted annually on July 1 and shall reflect data from the previous school year.

#### ***HEALTH EXAMINATIONS***

The Lafayette Parish School Board, through the Superintendent or designee, may require an employee to have a medical examination whenever there is evidence the employee's condition warrants such action, or there is concern for safety. Examinations may also be conducted to determine adequacy of job performance or to meet requirements of state or federal laws. All examinations conducted shall conform to all state and federal requirements. The physician shall be designated by the Superintendent and/or his/her designee, and the cost of the examination shall be paid by the School Board. The School Board may be entitled to reimbursement from an employee for the costs of such employee's or applicant's pre-employment medical examination or drug test if the employee terminates the employment relationship sooner than ninety (90) working days after the first day of work or never reports to work, unless there is a substantial change made to the employment by the School Board.

#### **NEW EMPLOYEES**

The School Board shall require all new employees to present prior to the end of the first calendar month of employment, as a condition of employment, a physician's certificate attesting to their freedom from communicable disease and fitness for duty per requirements of the position description or the determination of the examining physician. ~~This certificate shall include tuberculin skin test results. For test results other than negative, chest x-ray results shall also be included.~~ The cost of obtaining the certificate shall be paid by the School Board.

Additionally, the School Board authorizes the Superintendent to require any employee to have a medical examination whenever deemed necessary to determine fitness for duty or to ascertain need for sick leave.

Any falsification or misrepresentation of health records for a current medical condition or previous medical condition shall disqualify an employee or candidate from employment with the Lafayette Parish School Board. The only exception shall be if a qualified medical specialist determines that a person is physically able to perform the duties of the assigned position.

#### **BUS OPERATOR**

Prior to the opening of each school session, each employed school bus operator--including regular, substitute, or activity bus operator--shall be required to submit to the Superintendent and/or his/her designee a certificate from a licensed physician on forms furnished by the School Board, stating that the operator has been examined and is free from any ailment, disease, or defect that would adversely affect his/her ability to safely operate a school bus. Such certificate should be submitted within fifteen (15) days prior to the opening of school, and the cost of said examination shall be paid by the School Board.

In addition, if the Superintendent determines after investigation that a bus operator's health may be adversely affecting his/her ability to perform his/her duties at whatever age, then the Superintendent may require that the operator submit to a physical examination by a physician of the Superintendent's choosing, to assist in assessing the bus operator's health and possible effects on operation of the vehicle.

## ***REDUCTION OF PERSONNEL***

Consistent with the functions and responsibilities of the Lafayette Parish School Board it shall be the policy of the Board to maintain a fair and balanced educational program. When faced with circumstances which may necessitate a reduction of personnel all feasible alternatives to layoffs of employees will be considered prior to the implementation of the provisions stated herein. The School Board shall determine the necessity of a reduction in personnel by a majority vote of Board members present and voting. After such determination is made the Superintendent shall be responsible for implementing the reduction in force in accordance with policy as follows.

Except as otherwise provided herein, any existing procedure for reconsidering or examining an employee discharge, non-reappointment, or grievance shall not be considered in implementing a reduction of personnel action. Similarly, no personnel action other than a reduction of personnel may be considered under this policy.

Employees on Board approved leaves of absence shall be treated in the same manner as other regularly employed personnel insofar as application of this policy.

### **TEACHERS AND SCHOOL-BASED ADMINISTRATORS**

Reduction of teachers and administrators shall be based **solely** upon demand, performance, and effectiveness, as determined by the performance evaluation program adopted by the Board in accordance with La. Rev. Stat. Ann. §§17:3881 through 3905. Any reduction of teachers and administrators by the Superintendent shall be instituted by dismissing the least effective teacher within each targeted subject area or area of certification first. Further reductions will proceed based upon an effectiveness rating governed by mandated, data-driven evaluation of student growth and professional practices until the reduction of personnel has been accomplished.

In the event that two or more teachers have the same effectiveness rating, the following criteria shall be applied in the order listed:

1. Certification
2. Highly qualified status
3. Education level
4. Tenure
5. Seniority

### **ALL OTHER EMPLOYEES**

Reduction of school employees, including bus operators, who are **not** evaluated pursuant to La. Rev. Stat. Ann. §§17:3881 through 3905, shall be based upon the following criteria:

1. Performance and effectiveness as determined by the Board's personnel evaluation plan.
2. Certification or academic preparation, if applicable.

In no case shall seniority be used as the primary criterion when making decisions regarding the dismissal of school employees except for the dismissal of bus operators predicated on the alteration of routes.

In the event that one or more bus operators must be removed due to the abolition, discontinuance, or consolidation of routes, after a determination of the School Board, the principle of seniority shall apply, so that the last school bus operator hired within the school system shall be the first to be removed.

#### NOTICE TO INDIVIDUAL EMPLOYEE

When a reduction of personnel action is instituted, written notice of termination shall be given by the Superintendent or his/her designee by certified mail, return receipt requested, to the employee to be terminated. The notice shall include a statement of the general conditions requiring a reduction of personnel. The employee's address, as it appears on the School Board's record, shall be deemed to be the correct address. It shall be the employee's responsibility to see that the School Board has his/her current address on file.

#### REVIEW OF INDIVIDUAL TERMINATIONS

Within ten (10) days after receiving a notice of termination, an employee may request, in writing, a review of the action taken and shall receive notice of the results of the review in a timely manner, but no later than ten (10) days after the notice to review is received. The employee shall have the right to pursue a reduction action through the Board's grievance procedures.

#### SEVERABILITY OF PROVISIONS

If any provision of this policy or the application thereof is held invalid, such invalidity shall not affect other provisions of this policy which can be implemented without the invalid provisions and, to this end, the provisions of this policy are hereby declared severable.

Any and all provisions of this policy shall yield to existing state law, whether statutory or not, when held to be in conflict with said law or laws.

Information: 2.2 INSURANCE: Discussion and/or action regarding the Gallagher Report - Gardner/LeBouef

Melody Terral with Gallagher gave an overview of a stop loss policy or excess loss insurance, which limits a self-funded employer's health plan liability to a specified amount, helps protect the financial integrity of the self-funded plan and is designed to protect the employer from catastrophic claims or a multitude of unanticipated claims. For 2026, Lafayette Parish School System will be renewing with BCS. The Stop Loss deductible is \$600,000 with a \$325,000 aggregate specific. Ms. Terral referenced the Annual Service Calendar and noted many good things happening in 2025. Preparing wellness market checks moved from the 2026 calendar to the December 2025 calendar.

Chairperson Jeremy Hidalgo asked Trish LeBouef, Director of Insurance and Benefits, to give an update on open enrollment. Ms. LeBouef indicated open enrollment was coming to a close. She also indicated there have been over 375 total changes. The changes are as follows: 93 members moved from Blue Cross Blue Shield to Humana, which is the Lafayette Parish School System Medicare Plan; 123 were additions to the group health insurance; 206 members chose to change their current plan; and the remainder of the changes were cancellations of a dependent or entire contract. Ms. Terral asked Ms. LeBouef for a number of members who switched from the Humana plan back to the current group health plan. Ms. LeBouef indicated there were only two out of over 236 members who transitioned back from the Humana Plan. Ms. LeBouef indicated there are close to 1,000 members that have transitioned to the Humana Plan.

Superintendent Francis Touchet, Jr. thanked Dr. Mark Rabalais, Associate Superintendent, and the entire academic team for making it very clear to school leadership during school visits the importance of open enrollment and making sure everyone understood vesting and knew what was at stake. Superintendent Touchet also thanked Trish LeBouef and her entire team for their hard work with all the different changes in group health insurance. Mr. Touchet announced he is looking forward to January 1, 2026 because the district should start to see some relief in the way of savings so Lafayette Parish School System can create its own fund balance with all of the initiatives as far as RX plan, new network and everything planned for savings.
